

U.S. DEGREE EQUIVALENCY

Admission to a program leading to a masters or doctoral degree requires completion of a level of education comparable to a four- year U.S. bachelor's degree. High Scholastic standing and suitable preparation for the intended field of study are also considered. Normally, Michigan State University does not accept three-year bachelor's degrees, diplomas or certificates as comparable to a four-year U.S. bachelor's degree.

APPLICATION PROCESS

We recommend you begin the application process as early as possible because it takes time to process your file and evaluate your records. Please print your name on the application as it appears in your passport. The information will be used to complete the necessary visa documents (I-20 or DS-2019).

AFFIDAVIT of SUPPORT

Financial proof must be provided in order to comply with U.S. Government regulations. The *Affidavit of Support* form is on page 9. Corresponding instructions are on page 8. Final admission is not granted until the Office of Admissions is satisfied that all documents are complete and correct. At that time an I-20 Form will be issued.

VISA INFORMATION

You will need a student (F-1) or exchange visitor (J-1) visa from the American Embassy or Consulate in your home country. Do not obtain a "B" (tourist/visitor) visa, because it is very difficult to change it to an "F" or "J" status.

F-1 Visa: This is the most common visa for students. After your application for admission is approved, MSU will issue you a Certificate of Eligibility (I-20 Form). Immigration regulations require you to attend the university or college whose I-20 Form you used to enter the United States.

J-1 Visa: The Exchange Visitor visa classification is available to students supported financially by MSU, an agency, or government. After your application for admission is approved, the Office for International Students and Scholars will issue a Certificate of Eligibility for Exchange Visitor Status (DS-2019 Form).

When applying for a visa, you must present the following documents at a U.S. Embassy or Consulate: a valid passport, plus the I-20 or the DS-2019 Form. You will also be asked to show proof that you have adequate financial support to attend MSU and demonstrate strong ties to your residence outside the U.S. Canadian citizens are exempt from visa requirements.

DEPARTURE for the UNITED STATES

Depart for the United States only after you receive formal notice of acceptance and the I-20 Form from the Office of Admissions, and obtain the student visa.

STUDENT/EXCHANGE VISITOR INFORMATION SYSTEM (SEVIS)

All international students holding F and J visas will be required to comply with U.S. Government regulations. The SEVIS system is designed to help the U.S. Government keep track of nonimmigrant students. A few key points about SEVIS include: The U.S. Department of Homeland Security now requires that a SEVIS fee be paid for each visa applicant. For more information on how to pay the fee, visit <https://www.fmjfee.com/i901fee/>. The Certificate of Eligibility (form I-20 or DS-2019) that MSU issues you to assist your visa application has a bar code on it that identifies you. You must present this form every time you enter the U.S. It is very important that you keep track of this form. It is also important that the name you use on your application form should be the same spelling and order as what appears in your passport. You will learn more about SEVIS and your responsibilities to maintain your student status when you arrive on campus. Please feel free to contact the Office for International Students and Scholars should you have questions about obtaining your visa and your immigration status while in the U.S.
