TRAVEL GRANTS RECOGNITION

This regular feature highlights the graduate and professional students who have presented their research at state, regional, national and international disciplinary and professional society meetings during the Spring and Summer 2002 semesters. The list includes only those students who received funds from the Graduate School.* There are certainly many other students who have traveled the globe to present their research.

Attending and presenting at disciplinary and professional conferences is an important part of professional development for graduate students. It is a key component in the development of a professional network that can provide contacts for collaborative research, future jobs and internships, and funding. And of course, it is a rigorous venue to try out ideas, present data and analysis, and gather helpful input for continuing research.

The Graduate School is proud to highlight the achievements of these students. As they gain professionally and personally from these experiences, they also represent MSU to the wider community of scholars in the state, region, nation, and world. We congratulate these students on their accomplishments!

**COLLEGE OF AGRICULTURE AND NATURAL RESOURCES**

Nevens, David  
Agricultural Economics  
Noordwijk ann Zee, Netherlands  
International Food and Agribusiness Management Association  
Modal Choice in International Alliances Between Producers of Horticultural Products

Gorostiaga, Karina  
Agricultural Engineering  
Ankhista, CA  
Institute of Food Technologists Annual Meeting and Food Expo  
Supercritical Fluid Extraction of Quercetin from Onion Skins

Lai, Kathy  
Ankhista, CA  
Institute of Food Technologists Annual Meeting  
Tapa Twists

Radke, Stephen M.  
Kyoto, Japan  
Biosensors 2002, The Seventh World Congress on Biosensors  
Commercialization of a Conductometric Biosensor

Han, Jiyou  
Animal Science  
Baltimore, MD  
35th Annual Meeting of the Society for the Study of Reproduction  
Effects of Gestational and Lactational Exposure to 17a-ethynylestradiol on Ovulation and Egg Fertilization Ability in Mice

Martinez, Michelle  
Berkeley, CA  
International Symposium for Trace Elements in Man and Animals  
Impact of Pharmacological Zinc and Phytase on Liver Metallothionein Concentration and mRNA Abundance in the Young Pig

Riecker, Mike  
Berkeley, CA  
International Symposium for Trace Elements in Man and Animals  
Comparison of Organic vs. Inorganic Sources of Zinc Supplementation on Zinc Retention in Young Pigs

Rowntree, Jason  
Berkeley, CA

This new feature of the Graduate Post highlights the graduate and professional students who received Research Enhancement Awards during the Spring and Summer 2002 semesters. The funds for these awards are provided by the Office of the Vice President for Research and Graduate Studies and are administered by the Graduate School. This funding mechanism is competitive and serves to enrich the research and scholarly activities of excellent graduate and professional students. Often the awards are used to attend extramural workshops and short courses to complement the strengths of the students’ programs.

The Graduate School is proud to recognize the achievements of these Research Enhancement Award winners!
