This tutorial is always available on the Graduate School’s website at: https://grad.msu.edu/etd along with the formatting guide, sample pages, and instructions on how to submit your thesis or dissertation through the ProQuest website.
Theses and Dissertation Submissions

Thesis/Dissertation Office, 466 West Circle Drive, 2nd floor, Chittenden Hall, East Lansing, MI 48824
Phone: 517-355-0301; Email: msuetds.approval@grd.msu.edu

Instructions for submission of a Master's Thesis or Doctoral Dissertation to the Graduate School:

1. Prepare your Master's Thesis or Doctoral Dissertation following the specific instructions in the Graduate School Formatting Guide.

2. Submit your Approval Form to the Graduate School. If human subjects were used in your research, submit the IRB Letter. If vertebrate animals were used in your research, submit the IACUC (AUP) Letter.

3. Complete the Online Graduate School Exit Survey
   a. Access the following website:
      - Doctoral Students: https://www.egr.msu.edu/doctoral/survey/
      - Master's Students: https://www.egr.msu.edu/masters/survey/
   b. Enter your MSU NetID (Login Name) and Password
   c. Complete all the items on the survey. When finished, click Submit.
   d. If you cannot open this survey, please contact the Graduate School by email at exitsurvey@grd.msu.edu, and include your name, student ID #, degree level (PhD, MA/MS) and semester of graduation. You will then be notified when you are able to complete the survey.

4. Doctoral Students must complete the Survey of Earned Doctorates (SED) online.
   The Survey of Earned Doctorates is the definitive source of information on the nation's new research doctorates. Sponsored by the National Science Foundation and five other Federal agencies and conducted by RTI, the SED is critical to understanding in what specialty areas doctorates are produced and their post-graduation employment plans. Results are used by government as well as academic institutions to make decisions about graduate education funding, developing new programs and supporting existing ones.
   The registration URL for the survey is: https://sed.nces.org
   Michigan State University REQUIRES verification of completion of the survey. When you submit your survey, a notification of completion will be automatically sent to the Michigan State University Graduate School Office. However, it is also recommended that at the end of the survey, you also have a copy of the 'certificate of completion' emailed to your own personal email for your records.
   - If you have any questions about the web survey, please contact RTI at sedinfo@rti.org at 1-877-256-6167.

5. Create an account and submit your document via ProQuest.

What will this formatting workshop teach you?

1. Where to find the formatting requirements and how to FORMAT your thesis or dissertation
2. How to successfully SUBMIT your electronic thesis or dissertation via ProQuest
3. How to successfully COMPLETE your degree and receive your diploma
First things first

- These requirements apply to all dissertations and all “Plan A” Master’s theses.

- “Plan B” Master’s students should contact their department regarding submission of their papers. “Plan B” theses DO NOT get submitted through ProQuest.
UPCOMING ELECTRONIC THESIS AND DISSERTATION DEADLINE DATES

Please see the Graduate School’s website https://grad.msu.edu/etd-deadline-dates for information on specific deadline dates for each semester.

The deadline means: Your document has been reviewed by a Graduate School ETD administrator, it has been considered to be formatted correctly AND all necessary paperwork has been turned in PRIOR to the deadline date/time.
REGARDING DEADLINES:

- It is advised that you submit your document via ProQuest AT LEAST two weeks prior to the deadline date.
- The deadline is not the date that your document just needs to be initially submitted to ProQuest.
- ALL degree requirements must be completed by the deadline date and time.
The Graduate School **DOES NOT** support or endorse any type of template for thesis or dissertation writing.

Regardless of the method or template used, the document must meet the Graduate School formatting requirements.

*We are looking at your final product, not how you produced your document.*
Consistency is the key...

Whatever formatting method you choose to use in your document must be employed throughout the ENTIRE DOCUMENT. The method you choose must follow the Graduate School’s formatting requirements.
PLEASE USE THIS WEBSITE
https://grad.msu.edu/etd

- This is where you will find the link for the current Formatting Guide for Electronic Submission of Master’s Theses and Doctoral Dissertations.

- Make sure you read and follow the formatting guide **BEFORE** you submit your document to ProQuest via the Graduate School website. **The Graduate School’s task is to review your formatting, not to format the document for you.**

PRINTABLE Formatting Guide (PDF)
REGARDING YOUR NAME

Your name must match in ALL aspects of your submission. It must match in the following areas:

- Approval form
- In your ETD (electronic thesis and dissertation) contact information in your ProQuest account
- On the title page of your document
- On the abstract page of your document
- On the copyright page of your document (if applicable)
MARGINS

All margins must be at least 1 inch all the way around for the ENTIRE document.

Top

Bottom

Left

Right

NOTE: ProQuest does not require a left margin larger than 1 inch for bound copies.
DOUBLE SPACING

• Please note: ALL double spaces in the ENTIRE document are to be the same size.

• ALL double spaces are to be the size that is between lines of text in the Abstract or between lines of text in the body of the document.
Every thesis or dissertation is composed of three parts:

1. Preliminary pages
2. Text (Body of the Document)
3. Reference Materials (Appendix/Bibliography)

Sample Abstract page

- **Thesis** abstract may not exceed 1 page

- **Dissertation** abstract may not exceed 2 pages

Note about “Public Abstracts”: If your department has approved the use of a public abstract and you include it in your document, it is to be set up the same as the conventional abstract. The public abstract page is not to be counted or numbered and it would precede the conventional abstract.
Copyright...Yes or No?

- Your rights as an author are automatically protected, even without copyright registration.

- HOWEVER, copyright registration establishes a public record that often helps in legal disputes about intellectual ownership.

- Copyright registration can be recorded with the U.S. Customs Service for international protection of your intellectual property.

- DECIDE IF YOU WANT PROQUEST TO FILE A COPYRIGHT ON YOUR BEHALF BEFORE YOU COMPLETE YOUR INITIAL SUBMISSION. YOU CANNOT ADD IT AFTER THE FACT BECAUSE YOU NEED TO PAY FOR IT UP FRONT.
Further questions about Copyright or Intellectual Property?

- Questions about Intellectual Property should be directed to MSU Technologies
  - (517) 355-2186
  - http://www.technologies.msu.edu/
Sample Copyright Page

• Your copyright page should look similar to this page. “Copyright by” is on the first line, your name (in all capital letters) is on the second line and the year is on the third line. The entire section is to be single-spaced.

• You may place the information anywhere on the page as long as you meet the 1 inch margin requirement.

• You are to count, but not number, this page.

• Note: Your name, listed on this page, must match the rest of your submission.
Page Orientation/Page Numbering

Portrait Oriented Page

The page number is to appear centered, 0.5 inch from the bottom of the page on the 8.5 inch side of the page.

Landscape Oriented Page

The page number is to appear centered, 0.5 inch from the bottom of the page on the 11 inch side of the page.

Note: If you have a large table or long caption, the table name and caption are to appear on the first page that the table appears on with the table. Subsequent pages would have Table x (cont’d) at the top of the page. Then, continue with the table or the caption. See the example to the right.
A FEW ADDITIONAL NOTES REGARDING TABLES AND FIGURES

- Table and Figure names and captions must match EXACTLY in the document and in the List of Tables and List of Figures with regards to wording, capitalization and punctuation.
- For example: This means if you have a colon after the table numbers in the List of Tables, then you must have a colon after the table numbers in the document.
- For example: If you capitalize words in a figure caption in the document, then the words must be capitalized the same in the List of Figures.
Use of a cover sheet for the appendix and bibliography is REQUIRED whether they are located in each chapter or just at the end of the document.

NOTE: BIBLIOGRAPHY pages are always last, regardless of being placed at the end of each chapter or at the end of the document. If you have an appendix, it is to appear BEFORE the Bibliography.
Sample Cover Sheet for Appendices

If you have multiple appendices in a chapter or at the end of the document, the cover sheet is to say APPENDICES on it.

If you have a single appendix, the cover sheet is to say APPENDIX on it.

The word “APPENDIX” or “APPENDICES” is to be in all capital letters and is to be centered on the page from top to bottom (and left to right).

**Information regarding secondary appendix cover pages can be found in the formatting guide.**
An Appendix is usually added to contain supplementary, illustrative materials, original data or quotations too lengthy for inclusion in the text of the chapter or is not immediately essential to an understanding of the text.
The word “BIBLIOGRAPHY” (or equivalent) is to be in all capital letters and is to be centered on the page from top to bottom (and left to right).

(Other terms that we see used are: REFERENCES, WORKS CITED or, LITERATURE CITED)
The heading BIBLIOGRAPHY is to be centered, 1 inch from the top of the page and is to be in all capital letters.

After the heading, double space twice and list your first entry.

Bibliography entries are to be single spaced within entries and double spaced once between entries.

You should format your entries in the way that is the convention in your discipline. We just ask that all of your entries are formatted the same way to maintain consistency.

THE MOST COMMON FORMATTING ERRORS

- Incorrect page numbering of the preliminary pages
- Incorrect margins (too small or unequal)
- Title page formatted incorrectly
- Table of Contents, List of Tables and List of Figures formatted incorrectly
- Table and figure captions in the document not matching List of Tables and List of Figures

**REMINDER: READ AND FOLLOW THE CURRENT FORMATTING GUIDE BEFORE SUBMITTING YOUR DOCUMENT VIA PROQUEST.**

**Do not use a bound copy of a document in your department or in the library as an example.**
Electronic Submission of your document via ProQuest

- By following the step by step instructions on the Graduate School and ProQuest websites, you will be able to successfully submit your thesis/dissertation electronically.

- At the ProQuest site you will be given the option to register for a copyright as part of your electronic submission. **Note: Registering for a copyright must be done at the onset when you are creating your submission.** YOU MAY NOT ADD IT AFTER THE FACT. You have to pay for it up front.
Electronic Submission to ProQuest

- Go to www.etdms.msu.edu and follow the directions for submitting your thesis/dissertation to Michigan State University via ProQuest.
- When creating your account be sure to use an email address that you use regularly. In order to continue the submission process, you will be asked to "confirm" your account using the email address you provided. This is the email address that all correspondence from the Graduate School regarding your document will go.
- Once you "confirm" your account, you are ready to begin the submission process. Please be sure you are on the Michigan State University website within ProQuest.
- The submission steps are listed on the left side of the screen in the ProQuest website. As each step is completed, a check mark will appear in the appropriate box indicating that you have completed that step. In order to make your initial submission, you must go through each step of the process.
- Once you submit to ProQuest, your electronic submission will be reviewed by a Michigan State University Graduate School Administrator for possible formatting revisions and/or required paperwork before it is "officially" accepted and delivered to ProQuest for publishing.
- You will receive a response with necessary corrections or paperwork from the Graduate School within two business days from the time we receive your electronic submission (or resubmission).
- Once all corrections have been made and all necessary paperwork has been turned in to the Graduate School, your document will be accepted and delivered to ProQuest for publishing.
- Please contact ProQuest directly at 800-521-0600 with any technical questions regarding your submission or any questions regarding an order you placed.
- For information regarding delaying or holding publication of your thesis or dissertation for patent purposes only please contact the Graduate School at msuetsis.approval@msu.edu. A publication hold will not be granted for any other reason besides a patent.
• DO NOT SUBMIT YOUR DOCUMENT VIA PROQUEST BEFORE YOUR DEFENSE OR BEFORE YOU HAVE MADE THE CORRECTIONS THAT YOUR COMMITTEE REQUIRES.

• DO NOTE: if you submit your document and it is considered to be formatted correctly AND all necessary paperwork has been turned in, your document will be accepted and delivered for publishing even if you were NOT READY to have it delivered. IT IS A TIME CONSUMING PROCESS TO GET THE DOCUMENT BACK OUT OF PROQUEST’S PUBLISHING QUEUE SO YOU CAN MAKE ADDITIONAL CHANGES.

• The document that you are to submit via ProQuest is one that is ready to go to publishing once it is formatted correctly. **This means that NO other corrections need to be made to the CONTENT of the document AND you have successfully defended and made the corrections that your committee requires.**

• **Suggestion:** check your grammar and spelling before you do the initial submission to ProQuest. The Graduate School does not read the documents for content. We are only looking at the formatting.
Additional comments about “submitting” your document

- **DO NOT** email a word version or a PDF version of your document to the Graduate School for review. We will only review documents that have been submitted through the ProQuest system.

- **We do not “format checks”** before you submit your document to ProQuest. Follow the formatting guide, prepare your document accordingly, and submit to ProQuest after your defense and after you have made the corrections your committee requests.

- **We are happy to answer any “specific” formatting questions** you may have about your document, however.

About ProQuest/UMI Dissertation Publishing

ProQuest/UMI Dissertation Publishing is the world's only comprehensive service for publishing, archiving, and disseminating graduate research. By publishing with ProQuest/UMI, you ensure your dissertation or thesis gains the widest possible audience.
Instructions for Submitting Your Thesis/Dissertation to Michigan State University via ProQuest/UMI.

Welcome to the ETD Administrator - Michigan State University

The ETD Administrator lets graduate students submit their completed dissertation or thesis to ProQuest/UMI Dissertation Publishing for publishing. Your submission will be reviewed before it is delivered to ProQuest/UMI.

Before you begin
Before you begin, please be sure you have the following:

- Full text of the dissertation/thesis in PDF format. This must be one file. If your manuscript is in Word or RTF format, you can convert to PDF using the PDF Conversion tool. You also must embed fonts in the PDF. For tips on creating PDF files, see the PDF FAQs.
- Abstract
- Optional Supplementary files (images, data, etc.) that are an integral part of the dissertation/thesis, but not part of the full text.
- Advisor and other Committee Members’ Names
- Subject Category. Please choose one to three subject categories from the Subject Category list that best describe your dissertation/thesis’ subject area.

Note: If you need to finish your submission later (for instance, if you need to update your PDF file before uploading it), you can save your information and come back to finish. No information will be lost.

IMPORTANT: Read before you start

If you have not been to the Michigan State University Graduate School website, http://www.grad.msu.edu/ and completed the required steps, please STOP and visit their website first. This site has the formatting guide that you must follow as well as appropriate paperwork and surveys that must be completed at Michigan State University BEFORE your submission here at the ProQuest/UMI site.

Michigan State University does not allow the use of OPTIONAL SUPPLEMENTARY FILES (audio, video, etc.). Please note that only those files approved by the major professor/committee as denoted on the Graduate School approval form are allowed.

As part of the submission process, in addition to the Subject Category you will be asked to select the Degree Granting Unit/Program from a pull-down menu that lists those units approved by Michigan State University. This list is also available from the Michigan State University Graduate School website.

Also, you will be asked to select the degree that is being awarded. Michigan State University grants the following degrees: Master of Arts, Master of Fine Arts, Master of Human Resources and Labor Relations, Master of Music, Master of Science, Master of Urban and Regional Planning, and Doctor of Philosophy. MAKE SURE YOU SELECT THE SAME DEGREE LISTED ON YOUR TITLE PAGE.

Submission Review

• Once you submit your document via ProQuest, your submission will be reviewed by a MSU Graduate School ETD Administrator for possible formatting revisions.
• You will be contacted via email with required revisions or with a request for missing paperwork, BEFORE your document is officially accepted and delivered to ProQuest for publishing.
• You will receive a response with the necessary revisions from the Graduate School within two business days from the time we receive your electronic submission.
• The email will be sent to the email address you provided in your ProQuest account.
Email address used in ProQuest account

- Please remember the email address you are going to use when setting up your account in ProQuest. All correspondence from the Graduate School regarding formatting corrections will go that email address.

- **NOTE:** Sometimes the emails sent through ProQuest go into your Spam or Trash folders, so if it has been 2 business days and you have not heard from us, check your Spam or Trash folders. An email most likely went there instead of your inbox.

- Feel free to contact us. **Don’t wait for weeks for a response** because we usually respond the same day or the next day at the latest.
Sample Letter for Reprints

Permission of a reprint is required by ProQuest, the company that publishes your thesis/dissertation, not by MSU.

Send the permissions directly to ProQuest at disspub@proquest.com along with your submission ID number.

You will need a letter from the original publisher giving permission.

You can use this Sample Permission Letter when seeking permission to use reprints of previously copyrighted articles in your thesis/dissertation.

DEGREE COMPLETED

Degree completion flowchart: semester of graduation
Responsibilities of Student

- Complete and Submit Application for Graduation
- Make sure Grad Plan is complete up to Grad School sign off (PhD students)
- Check deadline dates
- Must be enrolled in at least 1 credit in the semester of defense. Domestic students do not have to be enrolled to make revisions in the next semester. International students should check with OISS to see if they need to be enrolled in the semester after the defense to maintain student status while working on revisions.
- Completion of program requirements, see Academic Programs Catalog at [http://www.reg.msu.edu/AcademicPrograms/](http://www.reg.msu.edu/AcademicPrograms/)
- Complete required survey(s)
- Submit thesis or dissertation to ProQuest via the Graduate School website AND turn in all necessary paperwork, see [https://grad.msu.edu/etd](https://grad.msu.edu/etd)
All students must apply to graduate!

NOTE: if you apply for Graduation during a specific semester, but do not complete all necessary requirements in that semester, you must reapply to graduate for a different, specific semester! Applications to graduate do not carry over to the next semester automatically.
Ph.D. students and Grad Plan/Grad Audit

- All Ph.D. students graduating in Spring 2017 or later MUST have a Grad Plan.

- Before you submit your dissertation via ProQuest, your plan should be complete (only Graduate School and Department/College Sign-Off not completed). WORK WITH YOUR GRADUATE SECRETARY WELL IN ADVANCE OF THE DEADLINE TO MAKE SURE YOUR PLAN IS COMPLETE.

- If the Graduate School can’t sign off because your plan is incomplete, your degree may not be conferred in the semester you would like it to be conferred.
Common Grad Plan Issues that prohibit Grad School sign off

- Dissertation defense date not entered and approved (Department does this). The date has to go through an approval process.
- Dissertation title not entered (Student does this after defense date has gone through the approval process)
- Language requirement errors. Only foreign languages you need for your program should be listed here. Do not include your native language if it is not required as part of your program. English is not a foreign language and it should not be included in your Grad Plan either.
- PhD Degree courses are incomplete/999s not applied to plan
- IRB number has not been entered (Student does this)
- Apply to Graduate (Student does this)

- Reminder: errors slow up your plan and may cause you to graduate in a different semester than you intended. Work with your Graduate Secretary to make sure that your plan is accurate and complete well in advance of the end of the semester or when you intend to graduate.
Responsibilities of the Graduate School

- Final acceptance of thesis or dissertation
- Forward acceptance email from ProQuest with pertinent information to Office of the Registrar for Plan A Master’s students
- Sign off in Grad Audit for PhD students
Responsibilities of your Department/College

• Submit *Final Certification Form* to the Office of The Registrar certifying student to graduate for Plan A Master’s students

• Final sign off in Grad Audit for PhD students

• Department/college confers the degree for PhD students
Responsibility of The Office of the Registrar

- Verify approval of *Final Certification Form* (Plan A Master’s students)

- Verify ProQuest acceptance email forwarded from the Graduate School (Plan A Master’s students)

- Registrar’s office confers Plan A Master’s degrees and issues the diploma.

- After the PhD degrees are conferred by the department/college, the Registrar’s Office issues the diploma.

If you need a letter stating that you have completed your degree requirements before your diploma arrives, you are to go to the Registrar’s website for such a letter. (https://reg.msu.edu/ROIInfo/EnrReg/Certify.aspx) Click on the Enrollment and Degree Verification Letters link. You may only request the letter AFTER your degree has been conferred.

The Graduate School only handles your thesis or dissertation. We do not know if you have completed all of your other requirements to receive your degree or not.

The Registrar’s Office receives information about completion of requirements from your department/college and the Graduate School, so they are the ones to know if you have completed all requirements for your degree or not and whether your degree can be conferred or not.
